

Janhavi Vijay Chavhan

Computer Engineering Student | Java & IoT Enthusiast

ABOUT ME

Motivated Computer Engineering student from Government Polytechnic, Amravati with hands-on experience in programming, databases, and IoT-based systems. Seeking internship or part-time opportunities to apply technical skills and gain industry exposure.

TECHNICAL SKILLS

- 1 Programming Languages: C, C++, Java (Core & Advanced)
- 2 Database: DBMS
- 3 IoT & Embedded: Arduino, NodeMCU 8266, Sensors
- 4 Web Technologies: HTML, CSS, Basic JavaScript

PROJECTS

- 1 **IoT Smart System:** Designed and developed an IoT-based system using Arduino and NodeMCU to monitor sensor data and control devices remotely.
- 2 **Java Student Management System:** Developed a Java application to manage student records with create, update, delete, and search functionalities.
- 3 **DBMS Mini Project:** Designed relational database schema and implemented SQL queries for efficient data handling.

INTERNSHIP EXPERIENCE

MDB Electrosoft Pvt. Ltd. (June 2024 – July 2024)

- Worked on Arduino programming and sensor interfacing
- Developed IoT applications using NodeMCU
- Gained real-world experience in embedded and IoT systems

CERTIFICATIONS

- 1 Advanced Java – Compilers Classes (2024)
- 2 Core Java – Compilers Classes (2024)
- 3 C Programming – Compilers Classes (2023)
- 4 C++ Programming – Compilers Classes (2023)
- 5 DBMS – Compilers Classes (2024)

ACHIEVEMENTS & ACTIVITIES

- 1 Coordinator – ISTE EXPRESS-2K24

- 2 Winner – YUVAAN 2025 Fancy Dress Competition
- 3 Active participant in technical and cultural events

EDUCATION

Diploma in Computer Engineering

Government Polytechnic, Amravati
